

Thank you for your interest in downloading and sharing the School Improvement Council tri-fold brochure!

The SC-SIC designed this brochure for you to be easily printed or copied in black and white. It is a Microsoft Word file and can be easily modified using Microsoft Office software. We suggest that the brochure be produced on a colored paper to attract the most attention.

The brochure can be personalized to reflect your school by changing a few key items. On the front panel:

- Replace the words “Your School Name” with the name of your school
- Replace the words “Mr. FirstName LastName” with the name of your SIC Chair
- Replace the words “Ms. FirstName LastName” with the name of your school’s principal
- Delete the box containing the words “your logo” and insert a picture of your school’s mascot, a picture of your school or other image

Inside the brochure, on the left-hand panel, SC-SIC has placed a box containing information about SIC elections and meetings. You can leave the box as is, or substitute some copy about your SIC.

These brochures, once “customized” for your school, can be great resources to inform your community about the work and roles of your SIC. They can be sent home to all parents, distributed at open houses and other school functions, and made available in the front office of the school.

Should you have any questions, have additional ideas, or need assistance in personalizing your SIC brochure, please feel free to contact SC-SIC Digital and Web Director Claudia Parnell at cparnell@mailbox.sc.edu.
