

Some Thoughts on Hurricane Matthew

SC-SIC and its staff keep the districts, schools, communities, and families impacted by Hurricane Matthew in our thoughts. Please contact us at 1-800-868-2232 if you believe there is anything with which we can help. Thanks go out to first responders, utility workers, government employees, the SC National Guard, and elected officials for their tireless dedication in this difficult time. Hats off as well to our district and school personnel – including a number of SICs – who are pitching in to help their neighbors when they need it most. Together, we are **#PalmettoProud** and **#PalmettoStrong!**
